PRODUCT SPECIFICATION BULLETIN

THE FINEST IN JANITORIAL PRODUCTS, SUPPLIES AND EQUIPMENT SINCE 1946

Product No. 631

PRODUCT DESCRIPTION

Date: 1/2007

LAWTON'S STEEL SHINE is an easy to use, one step cleaner, polish & protectant for use on stainless steel and many other hard surfaces. Use regularly on elevators, hand rails, window frames, chrome trim, dishwashers, refrigerators, freezers, formica, porcelain, ceramic tile and many other hard non-porous surfaces. **LAWTON'S STEEL SHINE** removes grease films, finger marks, covers scratches and immediately forms a protective coating that preserves the surface against deterioration and prevents penetration of waterborne soils, harmful liquids and other soils. **LAWTON'S STEEL SHINE** used routinely on restroom partitions and other non-porous surfaces will inhibit the adhesion of graffiti from most pens, markers and paints thus allowing easier removal.

DIRECTIONS

DIRECTIONS: Apply sparingly with a clean, soft cloth. Lightly rub to remove soil and any excess **STEEL SHINE**. Heavy hand buffing is not required. Repeat as often as necessary to maintain the desired level of appearance.

NOTE: For some heavily soiled hard surfaces, pre-clean with an appropriate **LAWTON** heavy duty cleaner then coat and maintain with **LAWTON'S STEEL SHINE**.

WARNING: Do not allow to come into contact with floors. A slippery condition will result.

CAUTIONS

DANGER: Combustible liquid or vapor. Keep away from sparks or open flames. May be fatal if swallowed. May cause irritation to skin. Causes eye damage. Wear safety glasses or goggles and rubber gloves when handling product. Wash after handling. Avoid breathing spray mist or concentrated vapor. Keep out of reach of children.

FIRST AID: IF CONTACT WITH EYES: Rinse with cool water for 15 minutes. Get immediate medical help. IF SWALLOWED: Do not induce vomiting. Call a physician or poison control center immediately. IF CONTACT WITH SKIN: Wash with soap and water. If irritation persists, get medical attention.

PELIGRO: Vapor o líquido inflamable. Manténgalo alejado de chispas o llamas. Puede ser fatal si se ingiere. Puede causar irritación en la piel. Causa daño en los ojos. Utilice lentes o gafas de seguridad y guantes de goma cuando maneje este producto. Lávese las manos después de usarlo. Evite respirar los vapores o rocío cuando lo esté aplicando. Manténgalo alejado del alcance de los niños.

PRIMEROS AUXILIOS: SI ENTRO EN CONTACTO CON LOS OJOS: Enjuague con agua fría por 15 minutos. Busque asistencia médica de inmediato. SI LO INGIRIO: Tome leche de magnesia o antiácido de carbonato de calcio con agua. No induzca el vómito. Llame a su médico o centro de control de envenenamientos de inmediato. SI ENTRO EN CONTACTO CON LA PIEL: Inmediatamente lávese con jabón y agua. Lave cuidadosamente por debajo de las uñas. Aplíquese una solución líquida anti ácida. Si la irritación continua busque asistencia medica.

HAZARDOUS INGREDIENTS:

Petroleum Distillate CAS No. 64741-65-7

PROTECTIVE EQUIPMENT

It is recommended to wear protective gloves and protective eyewear when using this or any chemical cleaning product. When spray applying, ventilation and breathing protection is recommended.

TECHNICAL DATA

Total active ingredients..... 100% by wt.
Nonvolatile matter 20% by wt. max.
Color and appearance..... Light amber liquid.
Odor Fresh spice fragrance.
Viscosity..... Water thin.
pH NA.
Specific Gravity788 @ 25°C.
Weight per gallon 6.55 lbs. / gallon.
Biodegradable (organic components)..... Yes.
V.O.C. (Volatile organic content) 80% by wt. max.
Flash point..... > 120° F.
Shelf life (stored properly) > 1 year.
